

**SPACES  
DESIGNED  
FOR THE  
WHOLE CHILD**

**ABL**

# Last, Least, Lost

**Improving kids lives  
through movement**

## **Why We Exist**

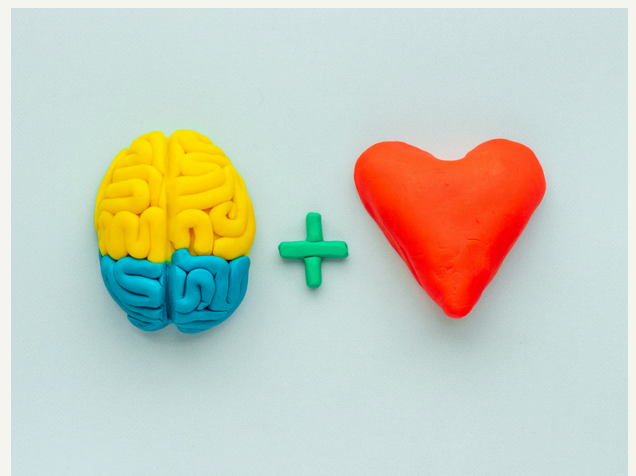

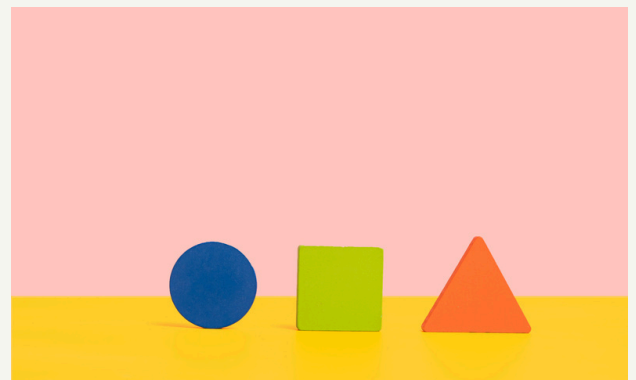

To serve the child last in line at recess, lost in the system, least likely to succeed. We design spaces to improve development, cognition, and well-being. We use movement to improve all children's lives!

## **Who we Serve**

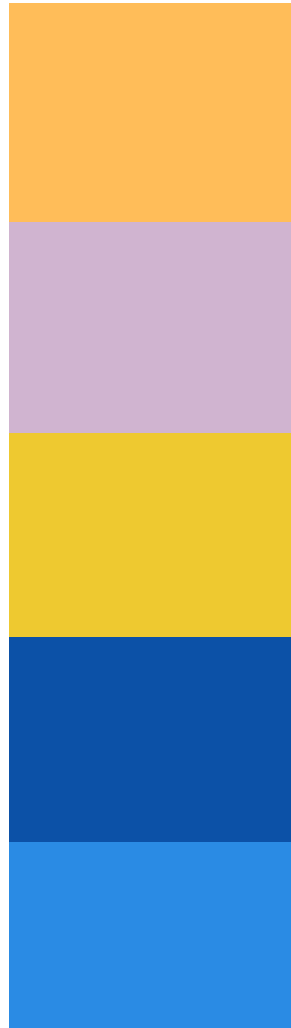

Children's Gyms  
Pediatric Therapy and Rehab  
Children's Museums  
PreK-12 Schools  
Childcare Centers

## **The 12 Foundations of Learning Readiness**

Crossing the midline, body in space, balance, visual development, rhythm, tactile learning, motor skills, eye/hand/foot coordination, physical fitness, cardiovascular fitness, problem solving, and self-management.

Active creative play supports development and builds healthy happy kids

ABL partners with children's museums, kids gyms, wellness teams and YMCA's to impact the lives of children around the world. ABL offers a whole child approach to improving the health, wellness, and education of all children. Indoor children's play structures are customized and sized specific to facility specs, and specially designed for children's museums.

healthy,  
active kids  
make better  
learners

**Academics, Movement, and Cognition**

Research shows children are not reaching their full potential if they are sitting all day. When children are active, the brain makes connections needed for anchoring information, memory, and recall. ABL uses purposeful movement strategies to the child's advantage, resulting in healthier, happier students who test higher.

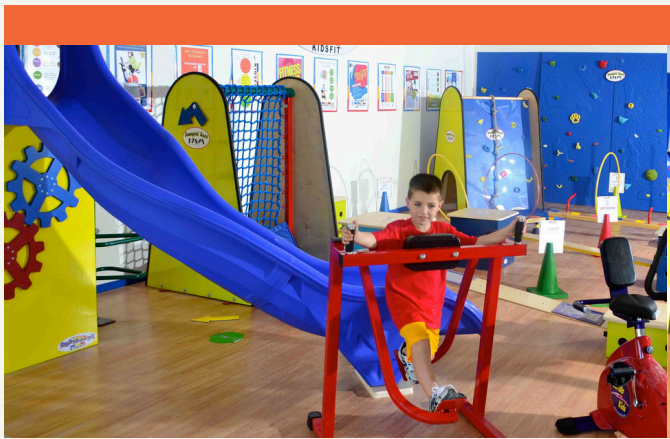

# YOUTH FITNESS & ACTIVE PLAY CENTERS

# ABL awarded partner of the year by Healthy Schools Oklahoma, transforming 40 campuses

Press Release, July 2024

The Central Oklahoma Turning Point Initiative named HSOK as a “best practice model” for the State of Oklahoma. HSOK has also been recognized by the Oklahoma State Medical Association for its progress in improving the health of Oklahoma ABL has always been a champion for HSOK and what we are doing in Oklahoma

# ACTION BASED LEARNING LABS

## Action Based Learning Lab

Labs are available for PreK-2nd Grade, 3-6th Grade, Combo PreK-6th, and 6th-12th Grade.

## Math Immersion Lab

Labs include equipment, signage, cue cards, staff training, and certification

## Neuronasium Labs

Labs are based on the brain research that shows us how movement improves brain function. The lab is designed for 2 key purposes (1) to maximize cognitive capabilities (2) to provide adolescents an advantage to learn in the classroom!

## Sensory Labs

This interactive lab introduces an active sensory environment with developmentally appropriate activities that assist children with body awareness, fine and gross motor skills, cross-lateralization, vestibular development, proprioception, strength, flexibility and mindfulness.

# FAQ

## Warranty, Pricing, and Customizations

All of the facilities featured are custom and designed to fit the needs of the target youth. Kidsfit by ABL offers full services from design, 3D CAD renderings, customization, and full turnkey install. Extended warranty and full service are included by ordering direct through the manufacturer. Pricing depends on the size of the space, and the amount of detail required and can be customized to fit a wide range of budgets. Action Based Learning has outfitted YMCA's, Youth Facilities, Pediatric Rehab, Daycares, Wellness Centers, Military Bases, and Children's Museums worldwide.
