

ACTION BASED LEARNING SUMMER 2024

Action Based Learning's 3-day training is for all educators, experienced or new to active learning strategies. This is an activity focused training - expect to be moving and on your feet throughout the event! We will also be working inside the classroom and the ABL lab to allow attendees to experience the various ways Action Based Learning concepts can be implemented throughout the school.

\$695
Per Person

Fun +
Effective

Professional Development Objectives

You will learn teaching strategies that can be implemented immediately to:

- 1) Channel students energy toward learning
- 2) Increase student engagement
- 3) Improves student performance by increasing blood flow to the brain

For All Educators, Administrators, and OTs

Action Based Learning benefits all students, helps all teachers, and complements all curricula.

3 Days For \$695 Per Person

Lunches and resources included each day as well.

Making learning highly effective (and fun!) using purposeful movement strategies

ABL teaching methodology uses movement with intention. Learn fun, simple, science backed strategies to incorporate movement into learning which improves student focus, engagement, and academic achievement.
